

Year 6 Personal Project - Be an expert!

This project allows you to explore your own passions and encourages your creativity. You are challenged to explore something that interests or inspires you. Complete a project on your chosen topic; something new you would like to have a greater knowledge about or something you are currently interested in that you would like to share with the class as an expert.

The project must be completed and handed by:

Tuesday 11th July

You can choose the format you wish to use for your project e.g. it can be handwritten or typed on the computer. You may wish to include models, paintings or illustrations etc. We will share and discuss examples and ideas in class to help you.

It is expected that you will spend at least one hour a week working towards your finished project.

You will be sharing your project in school.
