

St. Michael's C.E. Junior School (Controlled)

Church Lane East, Aldershot, Hampshire, GU11 3SS
Headteacher: Mrs Lynne Hignett BA(Hons), NPQH

Dear Year 6 Learners

Home Link Books

Please remember that we expect your home link books to be in school every day. For the next few weeks, to help you remember, we will be checking them daily. We will continue to sign them each Tuesday. When they are signed at school we are expecting to see number learning and reading recorded, as well as an adult signature.

Ideas for reading include: reading a book (from home, school or the library), a newspaper or a magazine. There are questions in the home link book that you could discuss with an adult.

You could also log on to <https://www.oxfordowl.co.uk/> or <https://www.readtheory.org/auth/login>.

Ideas for number learning include: recall of multiplication and division facts, number of the day challenges, or practising multiplying and/or dividing numbers and decimals by 10, 100 or 1000. There are lots of maths games (e.g. pairs, snap, how many questions can you answer in a given time) that we have shared in class and there are several interactive games on

<https://www.mymaths.co.uk/>.

At the beginning of the year you were given a maths target booklet. Inside these booklets are ideas for the areas of maths you need to learn. If you have misplaced your maths target booklet then please ask one of the teachers for a replacement or print a copy from the school website.

If you are not sure about what you need to do to make your home link book *even better* then please come and talk to one of us.

**PRACTICE
MAKES
PROGRESS**

Kind regards

Teachers of year 6

Other useful website that we have explored in class to help with your learning are:

<http://www.compare4kids.co.uk/maths.php>
