The Parenting Puzzle a Nurturing Programme for Parents and Carers – it's not about 'right or wrong' it's about new ideas for positive change.

Welcome to **The Parenting Puzzle**, parenting is one of the most challenging and demanding jobs there is. It can be one of the most rewarding – though it doesn't always feel like that. We believe that ideas from this course can help to make the job easier, more fun and more survivable when the going gets tough.

Come along and find out how.
