

St. Michael's C.E. Junior School (Controlled)

Church Lane East, Aldershot, Hampshire, GU11 3SS

7th September 2017

Dear Parents/Carers

We will be continuing to run a Science Club during Wednesday lunchtime each week from 12.30pm to 1.00 pm starting on Wednesday 20th September 2017. The club will be open to 15 children from years 5 and 6.

The Science Club will be run by Dr Melanie Nicholls, a parent of one of our previous year 6 children, but we would also be grateful for the help of any other parents who would be able to volunteer their time.

In Science Club the children will be exploring a variety of scientific concepts through demonstrations and performing their own experiments. Most of these will be things that you can do at home, so they will be bringing home worksheets that will explain what they have done at school and how you can try it out for yourselves.

If your child is interested in taking part in this Club, please return the form below to school by Wednesday 13th September 2017 and places will be allocated on a first-come-first-served basis.

SCIENCE CLUB

I give permission for my child.....Class.....

to participate in the Science Club on Wednesday lunchtimes.
